

Clinic social story

I am going to my first session at The Yorkshire Speechie.

I will go to the building, and we will ring the doorbell.

A lady called Becca will greet me,.

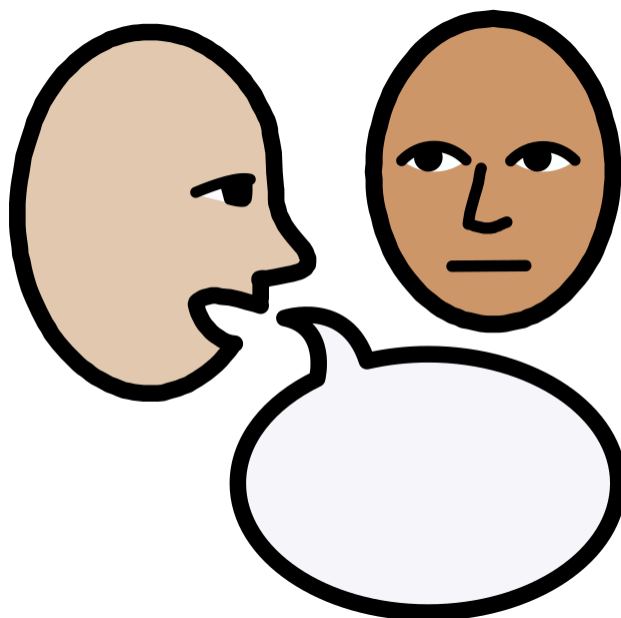

We will go to the therapy room.

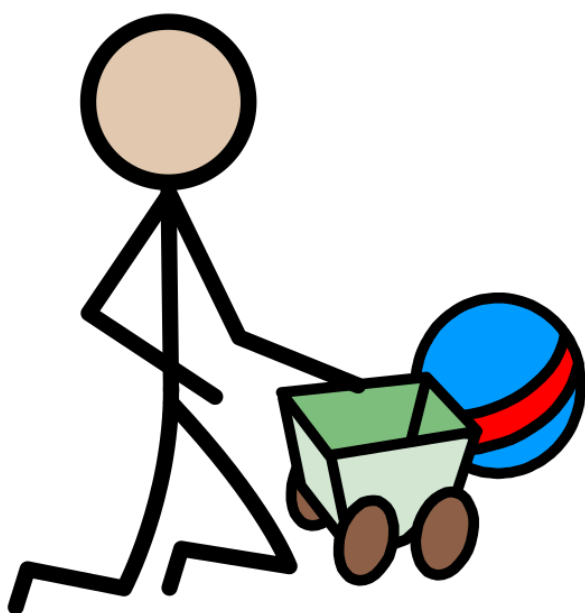

There are lots of toys to play with.

The toys might be exciting

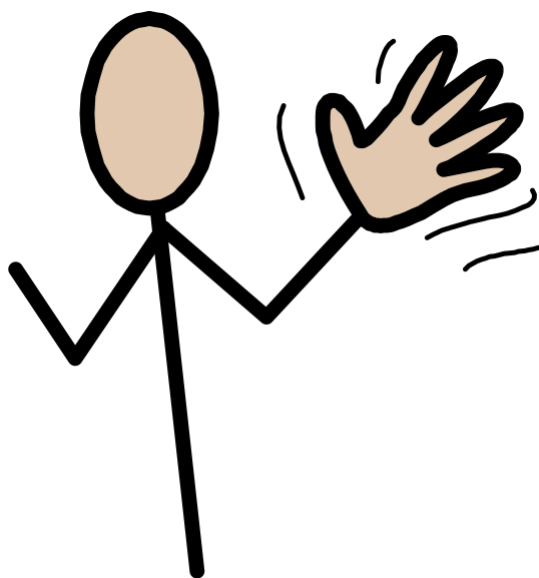

Becca will talk to my mum, while I play.

Becca will play with me

It might feel a little scary.
But my mum will be there.
I am safe.

When we are finished, Becca will say goodbye.
I did it.
